EDUCATION

Drexel University
Bachelor of Science in User Experience and Interaction Design

Philadelphia, PA
GPA: 3.47

SKILLS

UI/UX Skills: Wireframes, personas, prototyping, usability testing, problem-solving

Design Software/Programs: Adobe Suite (Photoshop, Illustrator, After Effects), Figma, Canva, GitHub

Programming Languages: CSS, HTML, JavaScript, PHP, Python

Business Software: Microsoft Office (Excel, Outlook, PowerPoint, Word, Teams), Google (Sheets, Docs)

PROJECT EXPERIENCE

Recipe Database/Website Creation

September 2025 - December 2025

Solo Designer/Front and Back End Developer

- Designed and implemented a database-driven recipe website focused on usability, clarity, and information hierarchy
- Transformed complex recipe data into intuitive, readable interfaces using HTML, CSS, JavaScript, and PHP
- Created interactive and responsive UI components that improved navigation and content discovery

Food Truck Ordering App UI

September 2025 - December 2025

Front-End Designer/UX Researcher

- Conducted user interviews and competitor research to inform the design of a mobile food-truck ordering experience
- Designed a high-fidelity mobile prototype in Figma focused on fast, intuitive ordering
- Translated research insights into clear user flows and interaction patterns
- Collaborated with a cross-functional team to iterate on designs through feedback and critique

EMPLOYMENT EXPERIENCE

Asplundh

Horsham, PA

Field Tech Intern

June - August 2026

- Redesigned the UI for an internal company application, improving the overall usability and visual experience
- Compiled and analyzed existing user feedback to identify pain points and inform the direction of the redesign
- Created an interactive, high-fidelity prototype of the redesigned application in Figma
- Collaborated with managers and employees to gather research, validate design decisions, and incorporate feedback throughout the redesign process

SocialLadder

Philadelphia, PA

UI/UX Intern

April - September 2026

- Conducted competitor research on rival companies' websites and synthesized findings into organized research documents
- Evaluated the company website and developed actionable recommendations to improve its usability, design, and overall user experience
- Designed graphics for social media campaigns that were published on Instagram and LinkedIn and contributed to successful post performance
